

# 2017 RED MOUNTAIN MALBEC

Part careful site selection, using specific and unique blocks on Red Mountain, and part TLC in the cellar, Charlie's Malbec sets itself apart from the rest. "On Red Mountain, I think we see a bit more of true varietal characteristics, brought about by the warmer temperatures," Charlie states. "We're getting nice, ripe black fruit notes, even a hint of licorice, and definitely that nice spice" This stealthy, black on black bottle, kicks off a year's worth of new releases, and is celebrated by Team Fidelitas as the start of good things to come. Drink now through 2026.
