

2018 RED MOUNTAIN OPTU WHITE WINE

Optu White Wine is comprised of Sauvignon Blanc and Semillon, two white wine grapes that can be found in the Bordeaux-region of France. While we love this wine on warm and sunny days, we intentionally hold the Optu White for a late fall release in hopes that it will be enjoyed with those rich and varied holiday foods. Ripe, tropical fruit tones are highlighted with notes of lemon and honeysuckle, giving us a lush, yet bright finished product, perfect for pairing with food or enjoying on its own. Optu White Wine is ready for drinking now, but Charlie always hides a few in the cellar for future enjoyment.
